## SKILLS

### Programming Languages:

Java, Python, Dart, C

### Databases:

SQL, MongoDB, PostgreSQL

### Frontend:

HTML, CSS, JavaScript, Tailwind CSS, React, GSAP

### Tools & Platforms:

Git, GitHub, Render, Vercel

### UI / UX & Design:

Canva, Figma [↗](#)

### Core Concepts:

Data Structures and Algorithms

## Experience

### Software Developer, SmartJi Solutions | June 2026 - Present

- Developing Health Hub, a healthcare management platform for hospital discovery, doctor profiles, OPD booking, and medical service accessibility.
- Building responsive web modules using React.js, Tailwind CSS, and SQL to manage healthcare records, user data, and facility information.
- Implementing features including admin dashboards, doctor search, patient details, staff management, and healthcare service workflows.

### Frontend Developer Intern, BeRAM Drones - TBI | Dec 2025 - May 2026

- Developed a full-stack e-commerce platform (Sticktoon) using Next.js, TypeScript, Node.js, Express.js, and MongoDB.
- Implemented secure authentication, admin dashboard, CRM, order management, and product management modules.
- Integrated Razorpay payment gateway, Cloudinary storage, and Brevo Email API for production-level functionality.
- Built influencer affiliate system with promo codes, earnings tracking, and withdrawal management features.
- Improved application performance, deployment stability, and UI responsiveness across devices.

## Projects

### Smart Recipe Generator – AI-Powered Recipe Management Platform [↗](#)

- Developed a full-stack AI recipe platform using Node.js, Express.js, MongoDB, and Python ML integration.
- Integrated PyTorch/TorchVision and Hugging Face for ingredient detection with AI-based recommendations.
- Built authentication, admin dashboard, recipe management features, and deployed on Render with Cloudinary storage.

### GSAP Landing Page [↗](#)

- Built a responsive landing page using React, Vite, Tailwind CSS, and GSAP.
- Implemented scroll-triggered animations, text-split effects, parallax-style motion, and video backgrounds for an immersive user experience.
- Created an interactive cocktail showcase with slide navigation, smooth transitions, and reusable components.

## EDUCATION

- Master of Computer Applications (MCA) | RBU | 2024 – 2026 | CGPA: 8.89
- Bachelor of Computer Applications (BCA) | GHRIET, Nagpur | 2021 – 2024 | CGPA: 8.51
- HSC (2021) | 88.6%
- SSC (2019) | 82%
